OPTION PACKAGES.

		i3s (120Ah)
Z1T	Enhancement Package	
Enhancement Package contents: <ul style="list-style-type: none"> • Seat heating for driver and front passenger (494) • Adaptive LED Headlights incl. high beam assistant (552) • HiFi loudspeaker system harman/kardon (674) 		○

OPTIONAL EQUIPMENT.

2VB	Tyre pressure monitor , shows the exact air pressure at all times and automatically warns the driver of any loss of pressure. The system detects the air pressure of each tyre via sensor and transmits the values wirelessly to a control unit.	○
302	Alarm system , the doors, bonnet, and tailgate are monitored by an Alarm system with an anti-theft security system, as well as a tilt alarm, backup power siren and interior protection system.	○
403	Glass sunroof , with slide, lift, vent, and open functions provides fresh air and creates a welcoming, light-flooded atmosphere in the interior of the car – even when the glass roof is closed. Note: Deletes CFRP roof.	○
420	Sun protection glazing , for the rear window and rear side windows which prevents the interior from heating up when exposed to direct sunlight.	○
494	Seat heating for driver and front passenger , provides warmth for the driver and front passenger at the push of a button. There are heating elements not just in the base of the seat, but also in the contact surfaces of the backrest. Adjustable to three levels, the seat heating offers rapid warming when starting the car.	○
4EA	Interior trim Fine-wood Oak Dark matt Note: Only available with 7KY or 7KZ	NCO
4EV	Interior trim Fine-wood Eucalyptus matt Note: Only available with 7KY or 7KZ	NCO
4FG	Seat belts, BMW i Blue for all 4 seats.	○
4T9	Heat pump , uses the energy of ambient air in winter, just like the air conditioning does in summer. Up to 50% greater efficiency than a conventional heating system, therefore improving range at temperatures below +10°C. Selected interior temperatures are maintained by fully automatic switching between the electric heating and the heat pump.	○
552	Adaptive LED headlights , incl. high beam assistant, automatic switching on and off of the high-beam headlights depending on the traffic situation, cornering light using LED technology.	○
674	HiFi loudspeaker system harman/kardon , 12 speakers, 7-channel digital amplifier, 360 W, with DSP technology.	○
866	Language version simplified Chinese in the BMW iDrive interface , with English language available as an alternative language.	NCO

GENUINE BMW SERVICE.

When you buy a BMW, you can look forward to superb service and comprehensive customer care, with a network of dealerships Australia-wide ready to assist you at any time.

The intelligent BMW Condition Based Servicing (CBS) system monitors the individual components of your vehicle's service requirements and notifies you in advance when a service is due. In conjunction with BMW Teleservices, your vehicle then sends all relevant servicing data captured by CBS directly to your preferred BMW dealer.

Using the latest sophisticated BMW diagnostic tools, you can rest assured that your BMW will receive the highest level of attention from specialist BMW-trained technicians using only Genuine BMW Parts.

BMW SERVICE INCLUSIVE PACKAGES.

Your BMW service experience can also extend to a BMW Service Inclusive package, which covers your scheduled servicing costs for a specified duration or distance (whichever comes first) in a single, once-off advance payment.

Ask us for more information before we provide you with our services. Terms, conditions, limits and exclusions apply, please refer to the Product Disclosure Statement for further details.

BMW DRIVING EXPERIENCE.

If you've ever wondered why a BMW is the Ultimate Driving Machine, a BMW Driving Experience course is for you.

If you've ever wondered what an Ultimate Driving Machine is capable of, this is the Ultimate test-drive.

BMW Driving Experience was introduced in 1977, the first of its kind initiated by an automotive manufacturer to improve the skills, reactions and awareness of drivers.

Today more than ever, the program offers drivers a positive, exhilarating experience, along with an excellent education and an enthralling opportunity to accelerate their driving abilities. This is all conducted behind the wheel of a dynamic range of Ultimate Driving Machines.

1. BMW COMPACT DRIVING EXPERIENCE

A half day taster of the BMW Driving Experience courses.

2. BMW ADVANCE 1 DRIVING EXPERIENCE

An exciting introduction into performance driving, the one day course simulates unforeseen oversteer & understeer experiences, ideal driving lines and emergency braking.

3. BMW ADVANCE 2 DRIVING EXPERIENCE

After completing our Advance 1 course, drivers can take their skills to another level with this high-performance course designed to test their ability to the fullest.

The aim of the program is to enhance each participant's driving ability by developing attitudes and skills through a structured sequence of courses. Each course takes participants through an increasingly challenging mix of low and high speed driving exercises, that help them respond effectively in emergency situations and become progressively more confident, safe and enthusiastic drivers.

BMW Driving Experience offers a range of courses which are conducted at Australia's leading facilities, including the world renowned Phillip Island Grand Prix Circuit. All BMW Driving Experience courses are supervised by highly-trained instructors.

To find out more about BMW Driving Experience courses and dates, please call 1800 000 269 or visit www.bmwdrivingexperience.com.au
